The 3-Part MLM Rocket Recruiting System.

Three of the hardest things
about creating an effective
MLM Recruiting System are:

- 1) Explaining the opportunity and persuading new people to get involved with the business
- 2) The training of your new associates to successfully work the business
- 3) Providing a simple, yet effective sponsoring tool that will reel-in people to take a close look at the business

**The *Rich Cowboy Marketer*
has solved all three of
these problems.**

1) THE BUSINESS SYSTEM REPORT:

Richard understood that before most people will make the decision to join the business - **FIRST** they must know exactly how they are going to promote the business. His Business System Report along with my Website acts as an effective salesperson and business trainer for everyone. **THIS BUSINESS SYSTEM REPORT WILL DO 95% OF THE WORK FOR EVERYONE.** When serious prospects read the Report - they'll **ALREADY BE 95% CONVINCED** and will only have a few questions that can be easily answered. Many people join immediately so they can get started building their business fast. It happens very quickly for many, many people.

2) THE BUSINESS TRAINING MANUAL:

Simply teaching people one on one isn't enough anymore. So the old cowboy marketer wrote a comprehensive training manual that would be easy to understand and show people precisely how he did what he did. Everyone reads the manual and it does most of the work. **It's duplication...pure and simple.** The BUSINESS TRAINING MANUAL gives your associates a clear understanding of exactly how to get going fast with their business and start making money.

3) THE SPONSORING TOOL:

All associates must use an effective marketing tool to attract and draw people into the business. Over many years, **Richard has perfected a sponsoring tool...which is a powerful Postcard.** His carefully engineered postcard controls a basic human desire that compels people to act out of curiosity and the need to know. The postcard captures people's attention and creates such intense interest they have to get the Report to satisfy their curiosity. **Most people are compelled to take immediate action by sending money to get the Business System Report**

I'll Plug You Into A STRESS-FREE MAILING SYSTEM That Provides You With A Powerful Marketing Postcard That Consistently Fills Your Mailbox With Daily Cash And Reels-In All The People You Need To Rapidly Build And Sustain An Ever-Growing Stream Of Residual Income.
